Certified Apartment Portfolio Supervisor NAA

Mr. Crespo, the founder and President of Citadel Property Management Corp., has over 25 years' experience in the real estate business through personal and commercial interests. Mr. Crespo is an Internationally Certified Facilities Management Professional, a New York State Accredited Realty Manager / Supervisor (NYARM, ARM, RAM, CMCA, CAPS) and active Licensed Real Estate Broker (NY, CT, PA, FL) specializing in new developments with special focus on residential and commercial properties in the New York Metropolitan Area. Serving as a financial advisor since his early career in 1991, Mr. Crespo entered the real estate industry and started Citadel Property Management in 2001 while still managing client's assets at Morgan Stanley. It was during this time while serving as the treasurer of a Co-op in lower Manhattan, when Mr. Crespo recognized that the landscape of the real estate industry was fragmented and littered with management companies that seldom provide the reporting transparency or the level of sophistication of service that he was used to providing to his clients. It was through this discovery that Citadel Property Management Corp. was born. Citadel was created as the answer to those in the industry who feel there is a true scarcity of thorough, quality management with sound principles.

Mr. Crespo is certified with NYC HPD (Housing Preservation and Development) in Building Management / Finance and Fair Housing. He is certified in Property Management and Construction Management by the New York Real Estate Institute. Certified in Real Estate Development with New York University. Mr. Crespo is a Certified Apartment Portfolio Supervisor with NAA. He holds several financial licenses including a Financial Advisory License (Series 65), Registered Representative (Series 7), Uniform State Securities Agent (Series 63), Managed Futures Agent (Series 32), and Life and Health Insurance Licenses.

Mr. Crespo and his team of professional agents and managers can assist you in managing as well as marketing your property to its fullest potential.

Michael J. Crespo – Broker
